

# INOX MANUAL TRANSFER PUMP

for UREA-AdBlue (flow rate 8 L/Min)

Mod. 821 INOX PUMP for UREA-AdBlue complete with rigid spout  
Mod. 822 INOX PUMP for UREA-AdBlue complete with manual nozzle  
Mod. 823 INOX PUMP for UREA-AdBlue complete with electronic flow meter

**Mod.840/N****Mod.840/C****Mod.840/DGT3000**

**Mod. 840/N**  
**Rotating pump**  
without discharge hose  
with adapter 2" F-70x6 2" F-56x4

**Mod. 840/C**  
**Rotating pump**  
with 2,5m discharge hose  
with adapter 2" F-70x6 2" F-56x4

**Mod. 840/DGT3000**  
**Rotating pump**  
with electronic flow meter  
with adapter 2" F-70x6 2" F-56x4

**Blue**   
**PUMPS**

# MANUAL UREA-AdBlue pump for 200 litres drums (flow rate: 15L/Min)

Mod. 824/C

Mod. 824/C

**Manual UREA-AdBlue pump  
COMPLETE for 200litres drums**

- Suction pipe with adapters 2" F-70x6 2" F-56x4
- 2,5m discharge hose with INOX spout

Mod. 824/N

**Manual UREA-AdBlue pump  
for 200litres drums**

- Suction pipe with adapters 2" F-70x6 2" F-56x4

Mod. 824/N

# AIR OPERATED INOX PUMP for UREA-AdBlue for 200 litres drums

Mod. 381/C

## AIR OPERATED INOX PUMP for UREA-AdBlue complete

- 0.8m suction hose with foot valve
- 3m discharge hose with inox connectors
- pressure reducer
- plastic manual nozzle
- fixing nut for 200 litres drums

**Flow rate: 16 L/Min.**

**Pump ratio 3:1 - Max 5 bar**

### OPTIONAL:

Mod. 382/02

Nozzle with electronic flow meter

# AIR OPERATED INOX PUMP for UREA-AdBlue (wall mounted)

Mod. 382/C

## AIR OPERATED INOX PUMP for UREA-AdBlue complete

- 2.5m suction hose with foot valve
- 3m discharge hose with inox connectors
- pressure reducer
- plastic manual nozzle
- fixing bracket

**Flow rate: 16 L/Min.**

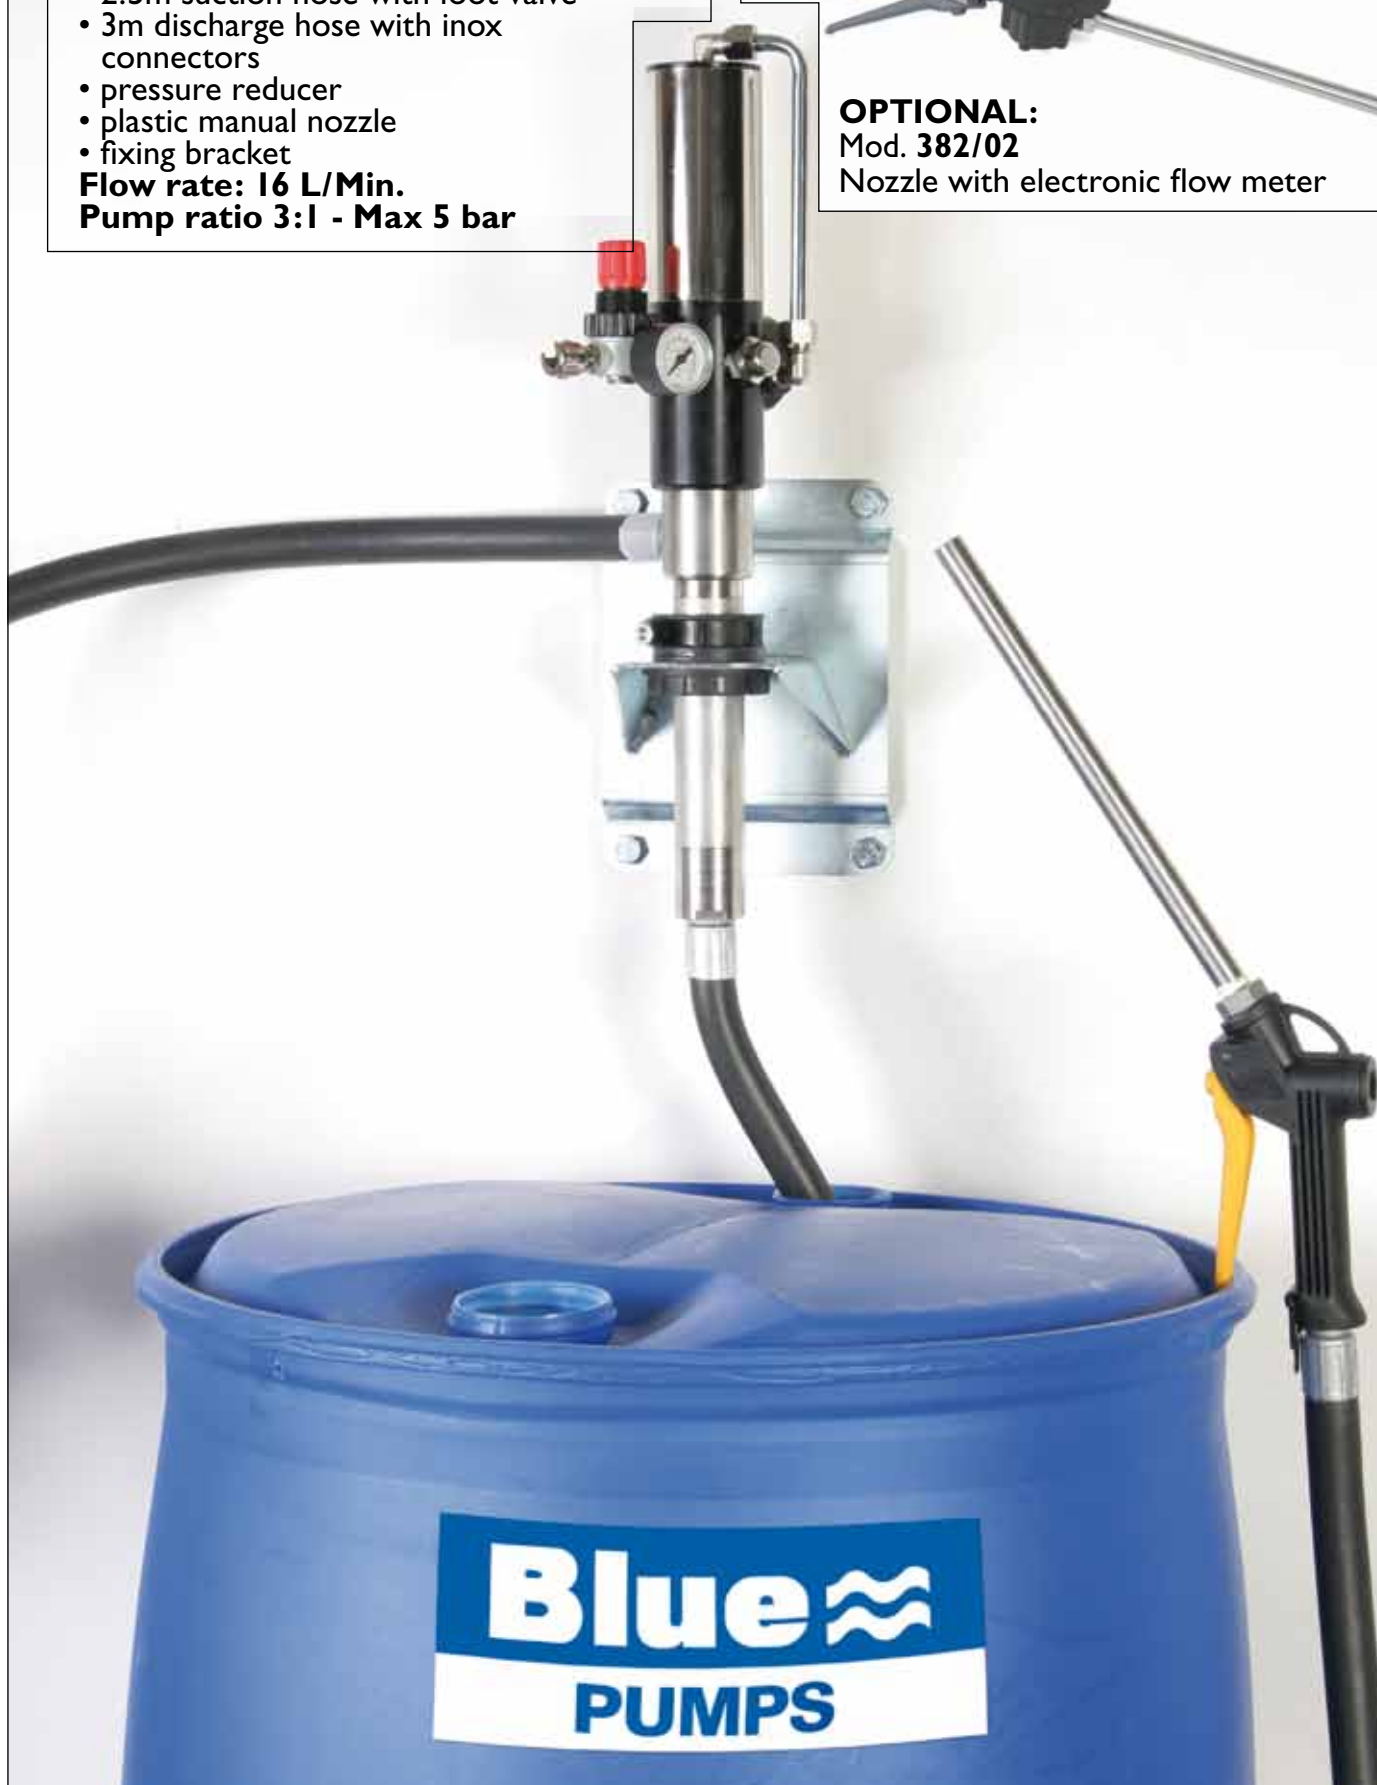

**Pump ratio 3:1 - Max 5 bar**

### OPTIONAL:

Mod. 382/02

Nozzle with electronic flow meter

# 12-24V UREA-AdBlue pumps

Flow rate: 40 L/Min.

Mod. 4000/12N  
**12V UREA-AdBlue pump**  
with hose connectors and foot valve

Mod. 4000/24N  
**24V UREA-AdBlue pump**  
with hose connectors and foot valve

Mod. 4000/12C  
**12V UREA-AdBlue pump COMPLETE**

- 2,5m suction hose and foot valve
- 2,5m discharge hose
- Plastic manual nozzle

Mod. 4000/24C  
**24V UREA-AdBlue pump COMPLETE**

- 2,5m suction hose and foot valve
- 2,5m discharge hose
- Plastic manual nozzle

## Technical data:

Max duty: 30min. - max pressure 1,5bar - 2800rpm - 18amp 12V - 9amp 24V  
Self priming membrane electric pumps - 2m electric cable with clamps and On/Off Switch

## 220V UREA-AdBlue pumps

Flow rate: 40 L/Min.

Mod. 5000/N  
**220V UREA-AdBlue pump**  
with hose connectors and foot valve

Mod. 5000/C  
**220V UREA-AdBlue pump COMPLETE**

- 2,5m suction hose and foot valve
- 2,5m discharge hose
- Plastic manual nozzle

### Technical data:

Max duty: 30min. - max pressure 1,5bar - 2900 rpm - 370 Watt

Self priming membrane electric pumps - 2m electric cable with plug and On/Off Switch

Mod. 5000/DGT/C

**220V UREA-AdBlue complete electric pump**

complete with electronic flow meter, 2,5m suction hose and 2,5m discharge hose with nozzle

**Technical data:**

Max flow rate: 40L/MIN - 1450r.p.m. - 400 WATT - max press: 1.5bar - 1,95Amp

Selfpriming membrane electric pump - Max duty: 30min

Mod. 4000/DGT/I2C

**12V UREA-AdBlue complete electric pump**

complete with electronic flow meter, 2,5m suction hose and 2,5m discharge hose with nozzle

Mod. 4000/DGT/24C

**24V UREA-AdBlue complete electric pump**

complete with electronic flow meter, 2,5m suction hose and 2,5m discharge hose with nozzle

**Technical data:**

Max flow rate: 40L/MIN - 2800r.p.m. - 22AMP 12V - 13AMP 24V - max press: 1.5bar

Selfpriming membrane electric pump - Max duty: 30min

# AUTOMATIC HOSE REEL for water and Urea-AdBlue

**Mod. 930UREA/C**

**Automatic hose reel for water and Urea-AdBlue with swivel bracket**  
Complete with 8m special hose (I.D.20mm)

**Mod. 930UREA/N**

**Automatic hose reel for water and Urea-AdBlue with swivel bracket**  
without hose

**Technical data:**

Max pressure: 10bar - Inlet: 20mm swivel connector

Weight with hose: 19kg - Weight without hose: 15kg - Dimensions: 430x260xh480mm

**Mod. DGT3000**

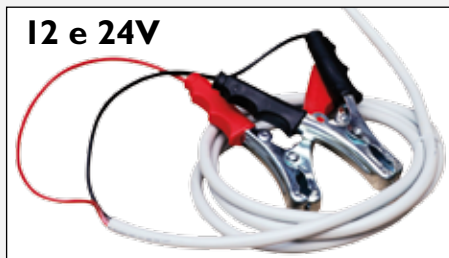

**UREA-AdBlue Electronic flow meter**

- Partial: 5 digits
- Total: 6 digits
- Battery: included (2X1.5V - AAA)
- Precision:  $\pm 1\%$
- Flow rate min/max: 5/100 L/Min.
- Inlet: 1" M - Outlet: 1" M
- Pressure: max 20 bar
- Burst pressure: max 40 bar
- Dimensions: 100x75x54mm
- Display dimensions: 43x27mm
- Rubber protection included

Electronic flow meters not for resale.  
Standard version: inlet down - outlet up  
Follow the instruction manual to change the flow

**Elettropompe  
autoadescanti  
a membrana**

**Mod. 4100/12C  
12V UREA-AdBlue COMPLETE pump**

- 1,5m suction hose with Sec connector and suction kit
- 4m discharge hose
- Plastic manual nozzle
- INOX Base for 1000L tanks

**Mod. 4100/24C  
24V UREA-AdBlue COMPLETE pump**

- 1,5m suction hose with Sec connector and suction kit
- 4m discharge hose
- Plastic manual nozzle
- INOX Base for 1000L tanks

**Mod. 5100/C  
220V UREA-AdBlue COMPLETE pump**

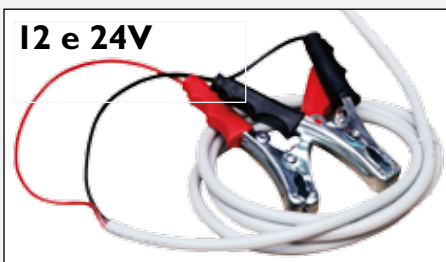

- 1,5m suction hose with Sec connector and suction kit
- 4m discharge hose
- Plastic manual nozzle
- INOX Base for 1000L tanks

Self priming  
membrane  
electric pumps

12 e 24V

220V

**Mod. 4200/I2C**  
**12V UREA-AdBlue COMPLETE pump**

- Electronic flow meter
- 1,5m suction hose with Sec connector and suction kit
- 4m discharge hose
- Automatic nozzle
- INOX Base for 1000L tanks

**Mod. 4200/24C**  
**24V UREA-AdBlue COMPLETE pump**

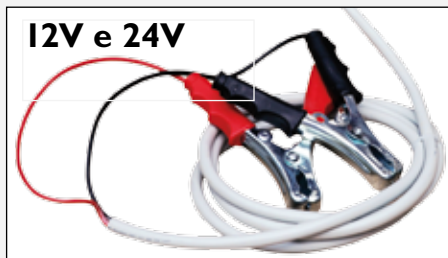

- Electronic flow meter
- 1,5m suction hose with Sec connector and suction kit
- 4m discharge hose
- Automatic nozzle
- INOX Base for 1000L tanks

**Mod. 5200/C**  
**220V UREA-AdBlue COMPLETE pump**

- Electronic flow meter
- 1,5m suction hose with Sec connector and suction kit
- 4m discharge hose
- Automatic nozzle
- INOX Base for 1000L tanks

Self priming  
membrane  
electric pumps

SUCTION:  
from bottom valve

## Mod. 4150/12C

### 12V UREA-AdBlue COMPLETE pump

- 2m suction hose with connector 60X6F to be fixed to the bottom valve of the tank
- 4m discharge hose
- Plastic manual nozzle
- INOX Base for 1000L tanks

## Mod. 4150/24C

### 24V UREA-AdBlue COMPLETE pump

- 2m suction hose with connector 60X6F to be fixed to the bottom valve of the tank
- 4m discharge hose
- Plastic manual nozzle
- INOX Base for 1000L tanks

## Mod. 5150/C

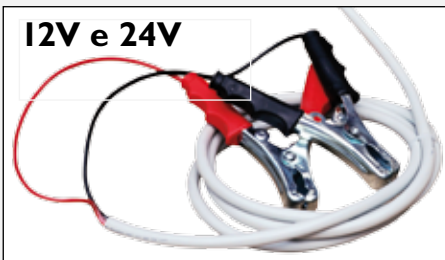

### 220V UREA-AdBlue COMPLETE pump

- 2m suction hose with connector 60X6F to be fixed to the bottom valve of the tank
- 4m discharge hose
- Plastic manual nozzle
- INOX Base for 1000L tanks

Self priming  
membrane  
electric pumps

12V e 24V

SUCTION:  
from bottom valve

**Mod. 4250/12C**  
**12V UREA-AdBlue COMPLETE pump**

- Electronic flow meter
- 2m suction hose with connector 60X6F to be fixed to the bottom valve of the tank
- 4m discharge hose
- Automatic nozzle
- INOX Base for 1000L tanks

**Mod. 4250/24C**  
**24V UREA-AdBlue COMPLETE pump**

- Electronic flow meter
- 2m suction hose with connector 60X6F to be fixed to the bottom valve of the tank
- 4m discharge hose
- Automatic nozzle
- INOX Base for 1000L tanks

**Mod. 5250/C**  
**220V UREA-AdBlue COMPLETE pump**

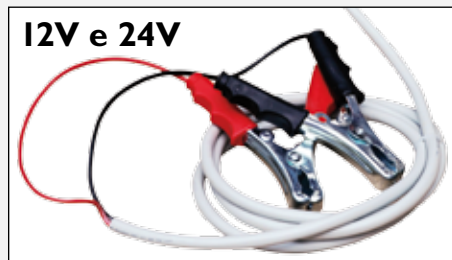

- Electronic flow meter
- 2m suction hose with connector 60X6F to be fixed to the bottom valve of the tank
- 4m discharge hose
- Automatic nozzle
- INOX Base for 1000L tanks

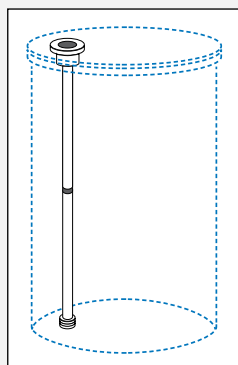

# 12-24-220V UREA-AdBlue pumps for 200 Litres tanks - Flow rate: 40 L/Min.

Self priming  
membrane  
electric pumps

12V e 24V

220V

## Mod. 4050/12C 12V UREA-AdBlue COMPLETE pump

- 1,5m suction hose with Sec connector and suction kit
- 2.5m discharge hose
- Plastic manual nozzle
- INOX Base for 200L drums

## Mod. 4050/24C 24V UREA-AdBlue COMPLETE pump

- 1,5m suction hose with Sec connector and suction kit
- 2.5m discharge hose
- Plastic manual nozzle
- INOX Base for 200L drums

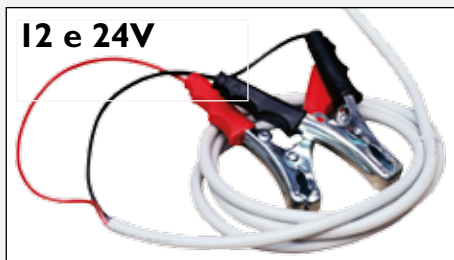

## Mod. 5050/C 220V UREA-AdBlue COMPLETE pump

- 1,5m suction hose with Sec connector and suction kit
- 2.5m discharge hose
- Plastic manual nozzle
- INOX Base for 200L drums

## Self priming membrane electric pumps

12 e 24V

**Blue**   
**PUMPS**

**Mod. SECBOX/ADB/12V**  
**12V Urea-AdBlue PUMPS (40 L/MIN.)**

- Electronic flow meter (Mod.DGT3000)
  - 2,5m suction hose with foot valve
  - 4m discharge hose with automatic fuel nozzle
  - Security metal box with lock
- (Dimensions: 64 x 44 x 31cm))

**Mod. SECBOX/ADB/24V**  
**24V Urea-AdBlue PUMPS (40 L/MIN.)**

- Electronic flow meter (Mod.DGT3000)
  - 2,5m suction hose with foot valve
  - 4m discharge hose with automatic fuel nozzle
  - Security metal box with lock
- (Dimensions: 64 x 44 x 31cm)

**Mod. SECBOX/ADB/220V**  
**220V Urea-AdBlue PUMPS (40 L/MIN.)**

- Electronic flow meter (Mod.DGT3000)
  - 2,5m suction hose with foot valve
  - 4m discharge hose with automatic fuel nozzle
  - Security metal box with lock
- (Dimensions: 64 x 44 x 31cm)

Mod. **709/AdBlue**

**Manual plastic UREA-AdBlue nozzle**  
with hose connector ext.diam.20mm

Mod. **709/AdBlue25**

**Manual plastic UREA-AdBlue nozzle**  
with hose connector ext.diam.25mm

Mod. **729/AdBlue**

**Automatic UREA-AdBlue nozzle**

- with swivel connector
  - INOX hose connector ext.diam.20mm
- Max flow rate: 40L/Min. (do not use for gravity)

Mod. **729/AdBluePL**

**Automatic UREA-AdBlue nozzle**  
PLASTIC BODY

- with swivel connector
  - INOX hose connector ext.diam.20mm
- Max flow rate: 40L/Min. (do not use for gravity)

Mod. **759/AdBluePL**

**Automatic UREA-AdBlue nozzle**  
PLASTIC BODY

- with electronic inlet meter
  - with swivel connector
  - INOX hose connector ext.diam.20mm
- Max flow rate: 40L/Min. (do not use for gravity)

Mod. **902/SPEC20**

**UREA-AdBlue special rubber hose**  
I.D. 20mm – E.D. 26mm  
Rools: 25m - Max pressure: 10bar

Mod. **902/SPEC25**

**UREA-AdBlue special rubber hose**  
I.D. 25mm – E.D. 35mm  
Rools: 25m - Max pressure: 10bar

Mod. **3000/B200**  
**INOX Base for 200L drums**

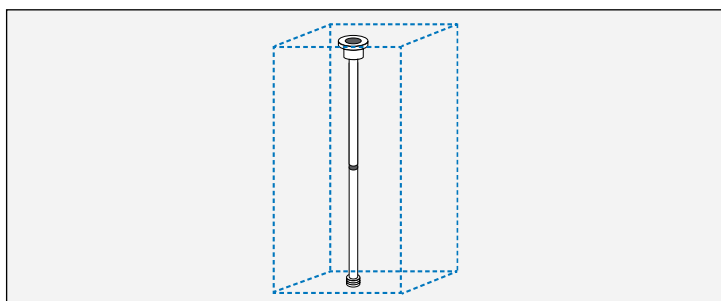

Mod. **4000/B1000**  
**INOX Base for 1000L tanks**  
Vertical position

Mod. **GVT/KIT**  
**GRAVITY KIT for 1000L tanks**  
• 4m special rubber hose I.D.25mm  
• UREA-AdBlue plastic manual nozzle  
• Connector 60x6F with hose connector diam.25mm

Mod. **UREA/CONN**  
**SEC Connector with 90° plastic**  
connector diam.20mm

Mod. **4000/TAR**  
**UREA-AdBlue Suction Kit**  
for 200-1000 tanks

Mod. **3000/R04**  
**INOX hose connector 3/4" x 20mm**

Mod. **3000/R06**  
**INOX hose connectro 1" x 20mm**

**CAPACITY 125 LITRES****MAN****AUT****PRO****Mod. 125BT/12V/MAN****UREA/WATER transportable tank** - Capacity: 125 Litres

Complete with 12V (Mod. 125BT/12V/MAN) and 24V (Mod. 125BT/24V/MAN) UREA/WATER transfer pump (40LPM), 4m electric cable and clamps, On/Off switch, rigid suction pipe with foot valve, security valve, 4m discharge hose with manual nozzle
